Notes
The rank is based on usage data across a number of sites, the fastest movers appear at the top of the list

The APO/ARX/APX data was accurate at time of putting this list together, packaging sizes and barcodes may have changed

Remember to keep yor measuring tool close by and use it when needed

The mapping is courtesy of the TWCM Head Office team who developed this in conjunction with Sandoz

Sandoz product data was provided by them and were accurate at time of putting the list together
